DETAILED ACTION

This is a reply to the Applicant's amendment submitted on 03/10/2006. According to this amendment, claims 6 and 22 are cancelled; thus, claims 1-5, 7-21 and 23 are currently presented in the instant application.

Allowable Subject Matter

1. Claims 1-5, 7-21 and 23 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art fails to disclose or fairly suggest:

a) A clock circuit including a logic module with an XOR gate for generating an output clock according to results of an XOR operation between a first signal and a second signal, in combination with the remaining claimed limitations, as called for in independent claim 1;

b) A signal circuit including a second logic module for performing a logic operation on the input signal and the output clock to generate the output signal, in combination with the remaining claimed limitations, as called for in independent claim 8; and

c) A method for generating an output clock having a step of performing an XOR operation on the first signal and the second signal to generate the output clock, in combination with the remaining claimed limitations, as called for in independent claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
